

IMATS Sydney 2017

Onsite Material Handling

Pre-show Order Form

On Friday, July 21st Agility Fairs & Events will be onsite to help transport your booth freight from the loading dock to your booth. They will also store empty pallets, containers and boxes onsite as long as they are properly labeled. On Sunday night at show close, they will bring empties back to your booth. The pre-show price for these services is \$150 per pallet/forklift load. We must have your completed order form and **PAYMENT IN FULL no later than Friday, July 7th** in order to honor the pre-show price. Return to dawn-marieg@kpgmedia.com

See the Agility Fairs & Events personnel at the loading dock when you arrive. They will have your name on a list.

Please Note: Any material handling services ordered at the show will be \$175 per pallet/load. You will need to go to our Show Office to order.
